

# MILLNET BUNDLE PREPARATION

## PROCESS DRIVEN, ACCURATE & TIMELY

We take the stress out of bundle preparation so you can meet tight court imposed deadlines. Despite any last minute changes you can be confident that the end product will be fit for purpose.

Process driven, workflow assessment of your bundle requirements results in surety of price and confidence that the end product meets your precise needs. Up-front participation in Millnet's rigorous assessment process cuts out the downstream confusion and last minute changes that bedevil the way other organisations provide this service. Add in legal expertise, available from our pool of managed reviewers, for production and QC of the most complex legal bundles and you have a winning formula.

Millnet has taken their many man years of electronic data print experience, as well as feedback from recent successful bundle preparation projects, and developed a detailed workflow that takes you through an exhaustive checklist of possible options. The resulting specification feeds into our production and quality control processes, meaning you have peace of mind that the end result will be exactly what you need.

## HEAR WHAT OUR MANY SATISFIED CUSTOMER SAY ABOUT OUR SERVICE

“ When it comes to printing services in London, Millnet truly is in a league of its own. Our firm has had extensive experience with several other large vendors but none have provided the consistent quality of service that Millnet offers. ”

“ Great customer service, thorough and accurate work and always on time. Perfect. ”

“ Quick, efficient, responsive, spot on. Precise work that does not need checking – priceless. ”
